

Amendments to the Specification:

Please add the following new paragraphs at page 17, starting on a new inserted line immediately after current line 9 but prior to current line 10 (i.e. insert the following between current lines 9 and 10):

Figures 12A-12D illustrate tabbed controls for configuring various aspects of the measurement setup, according to one embodiment;

Figure 13 illustrates an advanced configuration panel, according to one embodiment;
